published by the City of Lake Jackson

Greetings from the Mayor

Greetings Friends,

The 75th Anniversary Diamond Jubilee is in full swing. We've had three events, Brazosport Big Band's Salute, the 75th Anniversary Car and Motorcycle Show, and "Coming Home," that were all spectacular. Our Lake Jackson 75th Anniversary Steering Committee and Lake Jackson employees that were involved did an outstanding job kicking off the Diamond Jubilee.

April will bring some wonderful activities to continue the celebration. On Friday, April 13 the Pioneer Reception will be held at the Lake Jackson Civic Center to honor those families that dodged poison ivy, swatted mosquitos and endured the heat to help establish our City. It's amazing that there are so many family members that are excited about returning. Thanks to social media, the City is getting inquiries from all over the United States as to the details so that folks can be sure to be here for the event.

Saturday, April 14 will be a day when events start at 8 AM and go until 10 PM. At 8 AM will be the Diamond Jubilee 5K Obstacle Course Fun Run that will begin in the area of Gator Field. Information for this fun event can be found on the City website or the City FB page. The 75th Anniversary Parade will begin at 11 AM to kick off the remaining activities for the day. Immediately after the parade at 12 Noon, the items placed in two time capsules on two different occasions will be revealed. The 75th Anniversary Cake will be cut and proclamations will be read. Inflatables and other activities for fun and enjoyment will open during the noon time frame. There will be food trucks with varying menus to satisfy the need for nourishment on a great day.

The Music Festival will begin at 1 PM with Cole Degges playing from 1 PM-2:30, the Spinsations will take the stage from 3:00-4:30, with Checkered Past playing from 5:00-6:30. The Intercoastal Pirates will then play for the Street Dance from 7-10. The Music Festival will be a fun time for all and will follow the format of our Spring Concert events on the Veterans Memorial Plaza.

Thank you Lake Jackson for allowing me to serve as your Mayor for the past six years. You, the citizens, have made a huge contribution to the growth that has and will continue to occur in Lake Jackson. Thanks to the City Councils that have served over the many years to provide the foresight to allow the City grow. City Manager Bill Yenne and his support cast of City employees provide a safe and clean city with future growth to maintain Lake Jackson as the "Diamond" that we have today.

Thanks,

Joe Rinehart

BRAZORIA COUNTY MISSION 22

BRAZORIACOUNTYMISSION22.ORG

Brazoria County Mission 22

Brazoria County Mission 22 is a group of friends, families and veterans that all have been affected by Post-Traumatic Stress Disorder (PTSD) in some way. The organization seeks to prevent veteran suicides through community awareness, camaraderie, interactions and communication with veterans.

Brazoria County Mission 22 was originally incorporated in Texas as a nonprofit organization in 2017.

According to the VA's Suicide Data Report in 2012, there is a national average of 22 suicides per day, or 8,000 a year. The VA study also showed 11,000 non-fatal suicide attempts a year.

Brazoria County Mission 22 has just completed their third successful hike. It was by far the largest and most successful one so far.

The committee members and the volunteers of Brazoria County Mission 22 put in many man hours to make sure the events throughout the year are a success for the veterans and our supporters.

For more information on Brazoria County Mission 22 please visit our Facebook page or brazoriacountymission22.org; and for donations by check, please mail them to PO Box 1390 Lake Jackson, Texas 77566. Running Clean With CNG

Recipient of the Houston-Galveston Clean Cities Award and NGVA Lone Star Award, the City of Lake Jackson continues to work on improving air quality. Replacing gasoline and diesel vehicles with vehicles that run on compressed natural gas (CNG) has been a priority since 2001.

Did you know...

- By operating our vehicles on CNG, we save our local taxpayers in excess of \$160,000 annually in fuel costs alone.
- Replacing one diesel refuse truck with a CNG refuse truck is equivalent to taking 350 cars off the road.
- Natural gas rises quickly, so in the event of a leak or emergency venting, surrounding ecosystems and water systems are not threatened.
- The United States currently has over 200 years of natural gas stored.

Utility Updates

Well #5 Replacement

Due to low production at the existing well, the well will be replaced to increase production. The Texas Commission on Environmental Quality has approved permit and design. We hope to bid this project very soon.

Sanitary Sewer Rehabilitation

The 2017-18 fiscal year will be a busy time for utilities. We have several capital improvement projects in the wastewater system. We hope to begin a three phase project to rehabilitate the system on Plantation, Sycamore and areas in that part of town. This is an effort to reduce storm water intrusion into our wastewater collection system. This is called infiltration and inflow, which causes excessive flows at the wastewater plant, damage to pumps, and sewer back-ups. The repair of sanitary sewer systems promotes growth in business and increases the quality of life for residents through a more reliable and dependable wastewater collection system.

Operator Training Program for Texas Commission on Environmental Quality Water and Wastewater Operator License

In 2017 The City of Lake Jackson made a commitment to increase the certification levels of the Utility Departments Operators.

The Commitment was backed fully by City Manager, Bill Yenne, and Personnel Director, Jose Sanchez. We sent operators and laborers to training, which consisted of 5 20-hour courses conducted at the Civic Center. The courses ranged from Basic Water and Wastewater Operations to Ground Water Operations. These courses had 10 attendees on average. The classes were held at 5:00pm every night Monday through Thursday. After working an 8-hour day, employees came to class and studied their field in order to become more knowledgeable in their field, and to become certified in Water and Wastewater Operations. Their efforts paid off and since 2017 we have several employees who have become certified, achieved higher certifications, and have been promoted.

- Debra Webb-B Level Water and Wastewater Operator
- Kristina Watson-C Level Water and Wastewater Operator
- Harley Risinger C Level Water and Wastewater Operator
- Jimmy Carvoo-C Groundwater Operator
- Will Horsley-C Level Wastewater Operator
- John Roy Gutierrez-C Level Wastewater Operator
- Leticia Suniga-D Level Wastewater Operator
- John Trevino-D Level Wastewater Operator

A Water/Wastewater operator must be able to understand mathematics, basic chemistry, mechanics, basic electrical theory, and hydraulics. The main responsibility of a Water/Wastewater Operator in the State of Texas is to protect the health of the community and protect the waters of Texas.

CHARTER AMENDMENTS

The Charter Review Commission meets every odd numbered year. The City of Lake Jackson Charter is studied by the committee and changes are recommended that will keep it current with everyday needs, as well as operating within state and federal regulations.

Many of the changes proposed are simply a language cleanup within the current charter.

Members of the 2017 Commission were: Pinkey Hartline Jr., Chair, Darrell Bourgeois, Larry Parrett, Michael Cloeter, Josie La Chance

To view the Charter Review Commission Report, please visit our website at www.lakejackson-tx.gov

Escape Planning

Plan Ahead! If a fire breaks out in your home, you may have only a few minutes to get out safely once the smoke alarm sounds. Everyone needs to know what to do and where to go if there is a fire.

SAFETY TIPS

- » **MAKE** a home escape plan. Draw a map of your home showing all doors and windows. Discuss the plan with everyone in your home.
- » **KNOW** at least two ways out of every room, if possible. Make sure all doors and windows leading outside open easily.
- » **HAVE** an outside meeting place (like a tree, light pole or mailbox) a safe distance from the home where everyone should meet.
- » **PRACTICE** your home fire drill at night and during the day with everyone in your home, twice a year.
- » **PRACTICE** using different ways out.
- » **TEACH** children how to escape on their own in case you can't help them.
- » **CLOSE** doors behind you as you leave.

IF THE ALARM SOUNDS...

- » If the smoke alarm sounds, **GET OUT AND STAY OUT**. Never go back inside for people or pets.
- » If you have to escape through smoke, **GET LOW AND GO** under the smoke to your way out.
- » **CALL** the fire department from outside your home.

FACTS

- ! A closed door may slow the spread of smoke, heat, and fire. Install smoke alarms inside every sleeping room and outside each separate sleeping area. Install alarms on every level of the home. Smoke alarms should be interconnected. When one smoke alarm sounds, they all sound.
- ! According to an NFPA survey, only **one of every three** American households have actually developed and practiced a home fire escape plan.
- ! While **71%** of Americans have an escape plan in case of a fire, only **47%** of those have practiced it.
- ! **One-third** of American households who made an estimate thought they would have at least 6 minutes before a fire in their home would become life-threatening. The time available is often less. And only **8%** said their first thought on hearing a smoke alarm would be to get out!

Do you have a person in your life who may be a hoarder? Hoarding is a condition where a person has persistent difficulty discarding personal possessions. The large amount of possessions fill the home and prevent the normal use of the space. Living space becomes cluttered. It may be unusable. Hoarding brings distress and emotional health concerns.

WHY HOARDING INCREASES FIRE RISKS

- Cooking is unsafe if flammable items are close to the stove or oven.
- Heating units may be too close to things that can burn. They might also be placed on unstable surfaces. If a heater tips over into a pile, it can cause a fire.
- Electrical wiring may be old or worn from the weight of piles. Pests could chew on wires. Damaged wires can start fires.
- Open flames from smoking materials or candles in a home with excess clutter are very dangerous.
- Blocked pathways and exits may hinder escape from a fire.

HOW HOARDING IMPACTS FIRST RESPONDERS

- Hoarding puts first responders in harm's way.
- Firefighters cannot move swiftly through a home filled with clutter.
- Responders can be trapped in a home when exits are blocked. They can be injured by objects falling from piles.
- The weight of the stored items, especially if water is added to put out a fire, can lead to building collapse.
- Fighting fires is very risky in a hoarding home. It is hard to enter the home to provide medical care. The clutter impedes the search and rescue of people and pets.

How Can You Help Reduce the Risk of Fire Injury

- ✓ When talking to a person who hoards, focus on safety rather than the clutter. Be empathetic. Match the person's language. If they call it hoarding, then you can call it hoarding.
- ✓ Help the residents make a home safety and escape plan. Stress the importance of clear pathways and exits. Practice the plan often. Exit routes may change as new items are brought into the home.
- ✓ Install working smoke alarms in the home. Test them at least once a month.
- ✓ Reach out to community resources. Talk to members of the fire department to alert them of your concerns. They may be able to connect you with members of a hoarding task force for additional help.

Coffee with a COP

The mission of Coffee with a Cop is to break down the barriers between police officers and the citizens they serve by removing agendas and allowing opportunities to ask questions, voice concerns, and get to know the officers in your neighborhood.

The Lake Jackson Police Department will be having a Coffee with a COP each quarter. Please watch the Lake Jackson Police Department Facebook Page for dates and location.

Teen Summer Program Young Citizen Police Academy

The Young Citizen Police Academy is a four day summer program of instruction designed to give young citizens a working knowledge of the Lake Jackson Police Department. The course, free of charge, consists of a series of classes including graduation.. The classes are from 9am–4pm, Monday–Wednesday and 9am–12noon on Thursday. Students will arrive at the Lake Jackson Police Department each morning and will be provided a complimentary lunch. On Thursday there will be a graduation / luncheon. Parents are invited to attend the graduation. Class participants are students who have completed the seventh grade through seniors in high school. Classes consist of a maximum of 15 young men and women. The students' input from class evaluations is used in structuring the contents of future classes in hopes that the course will continue to be improved each year.

Different topics will be covered each day by supervisors and staff assigned to the various units of the Police Department. The Academy will cover such diverse topics as police training, communications, family violence, juvenile issues, criminal investigation and SWAT, with particular emphasis on patrol functions. The Patrol Division most often comes in contact with teenagers. Instruction will consist of lectures, tours, demonstrations, role-play and hands-on practice. Students will have the opportunity to ride with a police officer during an actual tour of duty. Chief Park and members of his staff will be available throughout the course, should students need clarification or further information.

You can sign up for the class on-line or applications are available in the Police Department lobby.
Contact Officer Wright for information.

Hunters Education Classes

Hunters Education Classes will be held at the Police Department June – October. Every hunter (including out-of-state hunters) born on or after Sept. 2, 1971, must successfully complete a Hunter Education Training Course. Minimum age of certification is nine years of age.

Hunter Education provides instruction in Texas hunting regulations, wildlife management and identification, conservation, ethics, firearm and hunting safety and responsibility, and outdoor skills. This course is particularly suited to novice or young hunters. All materials are provided and subjects are covered in depth to enable the student to successfully complete the Hunter Education certification process.

AARP Safe Driver Classes

AARP safe driver classes are offered at the Police Department throughout the year. Most Insurance companies offer discounts for course completion.

School will be out soon for summer break.
Please drive safely and watch for children.

Construction Update

Downtown Revitalization South Parking Place Phase (Carriage Square)

The project was awarded to Matula & Matula on June 5, 2017, and work began shortly thereafter. The construction project is being completed in two phases, and despite the weather, the project is moving along as scheduled. We would like to thank the adjacent businesses and residents for their patience during the construction process. Some of the features of the project will be the addition of:

- Paver patio beneath the Alden Dow Museum canopy
- Pavilion
- Pedestrian Lights
- Benches
- Café Tables
- Focal Feature

10-Inch Sanitary Sewer Line Replacement on Marigold Street

Ward, Getz & Associates, from Houston, TX was hired to provide engineering design services for the 10-Inch sanitary sewer line replacement on Marigold Street (218 Marigold to 101 Oyster Bend Lane). The City has prepared the bid documents for advertisement and the project is anticipated to be completed by the end of April 2018.

For more about Lake Jackson's construction updates visit our city website at:

www.lakejackson-tx.gov

Paving, Drainage & Utility Improvements in Woodland Park Subdivision to include portions of Oleander, Hickory, South Yaupon, Bois D Arc, Lotus Court and Lotus Street

Baker & Lawson, Angleton, TX were hired to provide the infrastructure design for the pavement replacement with sidewalks, drainage and utilities. The City Engineering department is in the process of finalizing their plan review. Our anticipated bid opening is scheduled for May 2018.

Drainage Improvements for the Willow Drive, Blossom and Daisy Street Areas

Damian & Associates Inc. (D&A) were originally hired to design improvements of the current drainage system to alleviate inundation of these areas that often occurs from the more frequent storm events. Unfortunately, D&A notified the city that they would not be able to complete the project. On November 8, 2017 the city hired John D. Mercer & Associates from Edna, TX for the continuation of the project.

To date, approximately 81% of engineering, topographic survey, and drafting work proposed has been completed. The project is expected to be completed by the end of April 2018 with the bidding process for construction to follow immediately thereafter.

Oak Tower Rehabilitation

The water tower located at Oak Drive will undergo a face lift this year. The elevated storage tank will have structural work done and new exterior and interior coatings. The preliminary scope of work has been discussed and we hope to bud the project in spring.

Plantation Drive Crossing Improvements Bridge/Roadway

The contract was awarded to John Reed & Company, Houston, TX in December 2017. The project will consist of a two-lane bridge between Medical Drive and Oleander; similar to the existing eastbound bridge.

We want to take this opportunity to thank our residents in the vicinity for their patience during the completion of the pile driving portion of the project.

Traffic Signal Construction at Oak Drive and Circle Way

The project's installation of three right turning roadways, and sidewalk construction was awarded to Tex-Con Services, Angleton, TX on August 7, 2017 and was completed mid-February.

The traffic signal installation was awarded to Statewide Traffic Signal, Houston, TX on August 21, 2017. We are waiting on the delivery of the traffic signal masts and arms from the manufacturer and we anticipate the delivery in approximately 12 – 14 weeks.

Dial 2-1-1 to Register for a Ride

If you need assistance to get out of town during a storm evacuation, reserve your ride to safety by dialing 2-1-1.

If you think you need to evacuate, be ready and **leave as early as possible**. Mandatory evacuation orders will come from your local officials based on zip codes.

Please be prepared to leave immediately.

IT IS NOT SAFE TO WAIT!

EVACUATING TIPS:

- Keep your vehicle in good repair with at least a half a tank of fuel. Fill your tank before evacuating.
- Check on friends and neighbors who may need assistance
- Prepare your disaster supplies kit **NOW** and take it with you when you evacuate. Have a check list.
- Know your evacuation route. Coordinate your departure with others traveling with you.
- Secure your home and evacuate quickly.

If you're traveling with children

pack items to help keep them entertained:

- Reading, puzzle, game, coloring books
- Batteries/chargers for electronics
- Low sugar snacks and drinks
- Blanket/pillow/Favorite toy
- A change of clothes (for emergencies)

DO NOT LEAVE PETS BEHIND!

Be sure to bring these **Important Pet Supplies:**

- Food and Water
- Non-tippable food/water
- Leash, Harness or Carrier
- Records of Vaccinations
- Medications

****Should you choose not to evacuate, please remember there are NO SHELTERS in Brazoria County. There will be NO SERVICES available to you (sewer, water, etc.). Hospitals will close, ambulances will not run, and police and fire cannot respond until the storm passes.****
